**4. Charleston County Transportation Sales Tax – Presentation – Eric Adams, Charleston County**

Chairman Seekings introduced Eric Adams with Charleston County. Mr. Adams delivered a presentation regarding the Charleston County Transportation Sales Tax. He noted that over the past 20 years, Charleston County voters have twice approved a half-penny sales tax, leading to billions of dollars for community infrastructure investments that are vital to Charleston County. The current half-cent is expiring in 2027; therefore, on September 25<sup>th</sup>, the newly formed Transportation Sales Tax (TST) Special Committee voted to begin a transparent, public-listening and input process to guide a possible extension of the TST. Mr. Adams discussed the 2004 and 2026 allocations regarding the Greenbelt Program, Infrastructure and Public Transit. He noted that there were \$1.2 billion in matching funds and explained that the previously approved half-cent TSTs will deliver \$3.4 billion for infrastructure and, combined with an additional \$1.2 billion in matching funds, will total \$4.56 billion. Mr. Adams stated that nearly 50 cents of every TST dollar comes from visitors and other sources outside of Charleston County. He reviewed the projects that the half-penny has helped fund: 895 miles of resurfacing, rural roads and local paving; 49 miles of bike, pedestrian and multi-use paths; 69 intersections have been improved. Mr. Adams discussed the Greenbelt Program, noting that currently 49% of Charleston County's total acreage (which is more than 284,000 acres) is protected greenspace. He also discussed Public Transit noting that CARTA has made many improvements and advancements regarding bus fleet upgrades, bus stop improvements and the Lowcountry Rapid Transit (LCRT). Mr. Adams discussed the surging population of 33.1% since 2004 from 333,122 residents to 443,357 residents. As a result, vehicle registrations in Charleston County have increased 41.5% since 2008. The Charleston County population is projected to increase by more than 42,000 in the next decade which will result in more vehicles. Mr. Adams discussed the Referendum Roadmap beginning in September 2025 through the Spring of 2026 noting that after gathering additional public input on the draft proposal, County Council will determine whether to proceed with pursuing a future TST. He noted that the potential investment categories are Greenbelt Program, Bike & Pedestrian, Public Transit and Roadways. In the coming months, Council will engage the community with openness and transparency to shape decisions for today and the future. He discussed the methods of public engagement and the QR code for the questionnaire. Mr. Adams addressed questions and comments. Chairman Seekings thanked Mr. Adams for his informative presentation and encouraged participation with the questionnaire. The Board of Directors received the Charleston County Transportation Sales Tax presentation as information.

**5. Comprehensive Operational Analysis – Presentation – Megan Ross**

Megan Ross, Transit Planner, delivered a presentation regarding the Comprehensive Operational Analysis (COA). She noted that the Short-Range Transit Development Plan (SRTDP) will identify potential service change opportunities that can immediately improve service reliability and boost ridership. It will also identify

temporary service and bus stop changes needed during LCRT construction and will define a 5-year transit network post-LCRT construction that integrates LCRT service with the CARTA network. Ms. Ross discussed the Regional Transit Framework Plan (RTFP) noting that it will confirm candidate priority transit corridors and will determine potential capital and operational improvements in each corridor needed to provide frequency and reliable service. It will also assess costs and potential funding sources. Ms. Ross discussed the project timeline and engagement opportunities. She reviewed the state of the system content and the state of the current system. Ms. Ross discussed service reliability noting that on-time has been defined as 1-minute early to 10-minutes late. On-time performance tends to worsen throughout the day and systemwide on-time performance does not improve during weekends. She discussed the demand for transit noting factors that influence the demands (population densities/population demographics/employment densities). CARTA service generally aligns with areas where there is demand for transit. Transit supportive areas currently not served include Summerville, Ladson and Goose Creek. Ms. Ross reviewed the regional and CARTA travel patterns regarding daily travel to/from Downtown Charleston as well as regional and CARTA daily travel to/from North Charleston. She reviewed operator feedback regarding scheduling, frequency and span, new service areas, transfers and regional network. Ms. Ross announced upcoming engagement activities including the Transit Riders Advisory Committee, public meetings throughout the service area, a virtual public meeting as well as pop-ups at bus stops and the online survey. It was noted that a handout was distributed at the start of today's Board of Directors Meeting which contains Open House information. The Board of Directors received the Comprehensive Operational Analysis presentation as information.

**6. Public Transportation Agency Safety Plan (PTASP) Update – Request for Approval – Jeff Burns**

Jeff Burns, Grants and Contracts Compliance Administrator, presented the Public Transportation Agency Safety Plan (PTASP) Update. He noted that safety is a core value of CARTA, and managing safety is a core business function of the Agency. CARTA is committed to developing, implementing, maintaining and continuously improving processes to ensure the safety of its customers, employees and the community. The CARTA Safety Committee annually reviews the PTASP, as required, to ensure transit safety and to remain in compliance with FTA requirements. Safety management, as a systematic and comprehensive approach to identifying safety hazards and risks associated with transit system operations and related maintenance activities, has been achieved. A Safety Management Systems (SMS) framework, as an element of the Agency's responsibility, has been adopted by establishing a safety policy, identifying hazards and controlling risks, goal-setting, and measuring performance. SMS is a means to foster agency-wide support for transit safety by maintaining and continuously improving a culture of safety. Every employee is responsible for safety, where management is held accountable for the safety of all employees in the organization who take an active role in transit safety. To ensure transit safety and to comply with FTA requirements, CARTA staff has reviewed and adopted the Public Transportation Agency Safety Plan (PTASP). The plan complies with FTA regulations established under 49 U.S.C § 5329. This annual update establishes safety performance metrics and an update to the individuals assigned to administer the Plan for CARTA. The PTASP Accountable Executive, the Board of Directors, and the CARTA Safety Committee, have reviewed the Public Transportation Agency Safety Plan, 49 U.S.C. § 5329, and certifies that the content has met the requirements through the establishment of a comprehensive SMS framework. CARTA is compliant with 49 CFR Part 673. Mr. Burns encouraged Board Members to contact him if they have any questions, concerns or comments regarding the Plan's updates.

*Mr. Mathis made a motion to approve the Public Transportation Agency Safety Plan (PTASP) Update as presented. Mr. Logan seconded the motion. The motion was unanimously approved.*

**7. Low Floor Cutaway Procurement – Request for Approval**

Ron Mitchum, Executive Director, discussed the Low Floor Cutaway Procurement request. He noted that staff is requesting approval to purchase three 27ft. ARBOC Spirit of Freedom low floor buses from Model 1

Commercial Vehicles, Inc. utilizing the State of Georgia Department of Administrative Services cooperative purchasing contract 99999-SPD-SPD0000212-0005 for Public Mass Transit Vehicles and Related Options, Equipment and Accessories. The ARBOC Spirit of Freedom is a low-floor, ADA-compliant shuttle bus constructed on the Ford-E 450 chassis. The vehicle provides seating for up to 18 passengers and can be configured to accommodate up to three wheelchair positions. The price per vehicle shall not exceed \$185,000 and will take approximately twelve months to receive. Mr. Mitchum addressed questions and comments.

*Mr. Mathis made a motion to approve the Low Floor Cutaway Procurement request as presented.  
Chief Gebhardt seconded the motion. The motion was unanimously approved.*

**8. Resolution Authorizing and Approving Exercise of Eminent Domain – Request for Approval**

Chairman Seekings deferred action on this agenda item to take place following Executive Session.

**9. Project Updates – Andrea Kozloski**

Andrea Kozloski, Deputy Director of Operations and Support, delivered a presentation regarding upcoming events and activities noting the following: November 4<sup>th</sup> (Election Day-Free Rides to the Polls); November 10<sup>th</sup> (Emergency Warming Shelter Transportation); November 11<sup>th</sup> (Veterans' Day-Free Ride for Veterans and Active Military); November 19<sup>th</sup> (Charleston County Resilience and Sustainability Symposium); November 19<sup>th</sup> (TriCounty Link COA Open House); November 20<sup>th</sup> (ParaTRAC and TRAC meetings); November 24<sup>th</sup> (Day of Thanks and Giving). Ms. Kozloski discussed the upcoming Holiday Parades for the City of North Charleston, the City of Charleston and the Town of Mt. Pleasant. She noted that the bike giveaway will take place on December 17<sup>th</sup> and will be pushed on social media. Additional Free Ride days are Friday, December 19<sup>th</sup> and Christmas Day (Thursday, December 25<sup>th</sup>). Ms. Kozloski stated that the Beach Reach Ad Hoc Committee will hold a meeting following today's Board of Directors meeting. Councilman Brownstein is Chairman and Mr. Lahm, Mayor O'Neil and Councilman Ward serve on the committee. She noted that any Board Member is welcome to join the committee. Ms. Kozloski then discussed CARTA Amenities, noting the shelters and benches in progress and stating that three new shelters have been installed, 178 bus stop-mounted solar lights have been installed and 75 shelter-mounted solar lights have been installed. She noted that 144 newly branded signs have been installed (there are 900 total stops). Ms. Kozloski also discussed the benches in progress. She highlighted Darin Townsend, Parts Specialist. Mr. Townsend has been the Parts Specialist for two years. He plays a major role in keeping operations running by ensuring that parts and products needed to repair buses are ordered and received in a timely manner. Ms. Kozloski delivered information regarding the Transit App, noting that 892 new CARTA riders were welcomed aboard as they downloaded the app for the first time. A total of 8,690 riders have opened the Transit App this month and riders planned 69,980 trips this month. She noted that 11,642 GO trips were started by riders to receive step-by-step navigation while helping to improve real-time vehicle locations. Ms. Kozloski stated that users purchased 5,514 tickets during the month of October, which valued \$12,124. Ms. Kozloski noted that the Project Updates report was included in the Board Meeting Agenda Packet regarding the following projects: Service Planning Initiatives (noting that staff continues to work with SPARE and WeDriveU regarding software improvements; staff participated in Route 203 monitoring due to ongoing operational suggestions/concerns with timing on traffic signals); Comprehensive Operational Analysis (COA); US 52 BRT Study; CARTA OnDemand; Shelter Improvement Program; Shipwatch Square Transit Center; LCRT (noting that Ms. Hollis will be available following today's meeting if anyone has any questions, comments or concerns regarding LCRT); Dorchester Transit Signal Priority (TSP) Project; Mt. Pleasant Street Park & Ride; Fairgrounds Park & Ride; O&M Facility – LCRT; and Mobile Ticketing Sales and Use. The Board of Directors received the Project Updates and the Upcoming Activities & Events Report as information.

## **10. Ridership Report – Megan Ross**

Ms. Ross presented the Ridership Reports for October 2025. She noted that, for the fixed-route ridership trends, passenger trips totaled 281,788 and there were 14.9 customers per service hour. Missed service hours totaled 386.77, which was a decrease of 4.5% from last month. Ms. Ross reviewed safety trends for October 2025 noting that there were 4 preventable accidents (rear end) which were on fixed-route vehicles. There were also 10 non-preventable accidents. She discussed complaints and commendations regarding Customer Service for the month of October noting that there were 8 complaints (unsafe driving behaviors) and there were two commendations. Ms. Ross reviewed On-Time Performance noting that the fixed-route on-time performance for the month of October was 70.7% and the on-time performance for paratransit was 90%. She discussed paratransit services in detail for the month of October regarding the breakdown of total passengers, which was 4,940. There were 260 no-shows and 1,633 cancellations. The average ride length was 29.81 minutes and the average ride distance was 9.49 miles. The on-time performance was 90.0%. She then discussed OnDemand trips for October 2025, noting that the ridership for the month was 4,559 passengers between both Uber and Lyft. The trip cost averaged \$10.06, which was higher than September's average of \$9.72. Ms. Ross stated that 45% of the overall rides were from Tel-A-Ride passengers. The Board of Directors received the Ridership Report as information.

## **11. Executive Director's Report – Ron Mitchum**

Mr. Mitchum updated Board Members regarding the COA for CARTA and TriCounty Link and the TSP on Dorchester Road. The Board of Directors received the Executive Director's Update as information.

## **12. Other Business, If Any**

There was no further business to discuss.

## **13. Public Comments, If Any**

There was one Public Comment noted for the record:

- William Hamilton (Best Friends of Lowcountry Transit): Mr. Hamilton thanked the Board of Directors for their efforts and leadership regarding public transit. He stated that his organization is beginning to plan the Transit Equity Day to be held in conjunction with Rosa Parks' birthday on February 4<sup>th</sup>.

## **14. Executive Session – Legal and Contractual Matters**

*Mr. Logan made a motion that the Board of Directors convene into Executive Session.*

*Mr. Lewis seconded the motion. The motion was unanimously approved.*

*Non-Board Members, Guests and Non-Essential Staff Members were excused.*

*Mr. Green made a motion to reconvene the Board of Directors meeting.*

*Mayor O'Neil seconded the motion. The motion was unanimously approved.*

*Chairman Seekings reconvened the Board of Directors meeting noting that no action was taken related to legal/contractual matters discussed during Executive Session.*

## **15. Resolution Authorizing and Approving Exercise of Eminent Domain – Request for Approval**

A CHARLESTON AREA REGIONAL TRANSPORTATION ("CARTA") RESOLUTION SUPPORTING AND REAFFIRMING ITS ELECTION TO EXERCISE EMINENT DOMAIN PROCEEDINGS AGAINST THE EXCHANGE CLUB FAIR OF CHARLESTON, INC. ("ECFC") PURSUANT TO SECTION 58-25-50(d) OF THE SOUTH CAROLINA CODE OF LAWS ANNOTATED, 1976, AS AMENDED.

WHEREAS, CARTA has committed more than a decade of time, money, resources, and effort into the planning, design, and development of the Lowcountry Rapid Transit Project ("LCRT"), a modern bus rapid transit system that will provide a safe, reliable, low-cost and new mobility alternative to residents and visitors of the region; and

WHEREAS, CARTA, by and through its agents and consultants, identified certain real estate owned by ECFC, commonly known as the Ladson Fairgrounds, with such property bearing Charleston County TMS No. 393-00-00-028 (the "Fairgrounds"), as a suitable site or location of a park and ride bus facility for LCRT; and

WHEREAS, CARTA attempted to negotiate in good faith a voluntary sale, lease or similar acquisition of a portion of the Fairgrounds for use as a park and ride facility from ECFC but was unable to come to any sort of agreement; and

WHEREAS, CARTA having been satisfied by the requisite studies, data and other technical information obtained and provided by its agents and consultants made an informed and unanimous decision to condemn a certain Six (6.0) Acre portion of the Fairgrounds for use as a park and ride for LCRT ("Condemnation Parcel", with such property being more accurately identified in the Condemnation Notice, as defined below, and accompanied survey) pursuant to Section 58-25-50(d) of the South Carolina Code of Laws Annotated 1976, as amended; and

WHEREAS, ECFC subsequently filed a lawsuit challenging CARTA's authority to exercise eminent domain on the Condemnation Parcel, and further alleging that the election to condemn was arbitrary, done in bad faith, and/or constituted a clear abuse of discretion, amongst other deficiencies; and

NOW, THEREFORE, IT IS HEREBY RESOLVED BY CARTA, ACTING BY AND THROUGH ITS BOARD OF DIRECTORS, that:

- The election to exercise eminent domain and serve upon the ECFC a Notice of Condemnation and Tender of Payment dated August 5, 2024 ("Condemnation Notice") are hereby unanimously and unequivocally reaffirmed to the extent CARTA meeting minutes do not reflect a consistent level of support for such prior authorized actions.
- The decision to exercise eminent domain and acquire the Condemnation Parcel in conjunction with LCRT was and remains in the public interest and for the public's use and benefit.
- The decision to exercise eminent domain and acquire the Condemnation Parcel was based on established project factors and supported by studies, data and other technical information provided to CARTA at the time service of the Condemnation Notice, which continues to be the case as of the date of this Resolution.
- The decision to exercise eminent domain and acquire the Condemnation Parcel for development into a park and ride facility has been determined a necessary piece of LCRT and ECFC's insistence that it would not sell or lease the Condemnation Parcel, preferring CARTA use a separate portion of the Fairgrounds or move the park and ride facility off-site entirely, in addition to never providing a counteroffer to CARTA's offer of just compensation dated May 8, 2024, made formal condemnation proceedings necessary and CARTA's only viable option to procure the approved Condemnation Parcel.
- Should any portion of this Resolution be deemed unconstitutional or otherwise unenforceable by any court of competent jurisdiction, such determination should not affect the remaining terms and provisions of this resolution, all of which are hereby deemed separable.
- All orders, resolutions and enactments of CARTA inconsistent herewith are to the extent of such inconsistency only, hereby repealed, revoked and rescinded.
- This Resolution shall take effect and be in full force and effect immediately.

**Mr. Logan made a motion to approve the Resolution Authorizing and Approving Exercise of Eminent Domain as presented. Mr. Harris seconded the motion.**

**The motion was unanimously approved.**

**16. Board Comments, If Any**

Discussion was held regarding flooding/drainage issues and the Charleston County Transportation Sales Tax referendum. Mr. Lahm encouraged a Yes vote for the sales tax referendum.

**17. Adjourn**

Chairman Seekings announced that the next CARTA Board of Directors meeting will be held in January but to keep an eye out on emails in case a December meeting is needed. He thanked Board Members for their continued dedicated service to the CARTA Board of Directors and the communities they serve. Chairman Seekings commended staff on their dedicated work. He wished everyone a Happy Thanksgiving, a Merry Christmas and a Happy Holiday Season. There being no further business before the Board, Chairman Seekings adjourned the meeting at 2:10 p.m.

Respectfully submitted,  
Kim Coleman

## 1. Service Planning Initiatives

### November

- Staff continued working with Spare and We Drive U to improve efficiency and rider experience for Tel-A-Ride clients.
- Staff continued working on tablet replacement and system improvements for fixed route vehicles. Staff worked with Swiftly to train operations on new features, creating detours and canceling service if needed. Staff are moving forward with setting up the tablets to be installed in the fixed route vehicles. Installation is scheduled for the last week of December.
- Staff continued to participate in an LCRT Transit System Meeting. Additionally, staff participated in the LCRT OMF Re-scoping workshop.
- Staff continued to meet with MUSC to ensure that Rt. 203 and Express routes are running as planned.
- Staff participated in the annual Day of Thanks and Giving Food Giveaway.
- Staff joined in on the Beach Reach Ad Hoc Committee.
- Staff participated in the TriCounty Link Transit Study open house.
- Staff presented on the CARTA COA in the Para TRAC/ TRAC meeting.
- Staff continued working with development review and infrastructure improvement along the bus routes.
- Staff tracks and investigates all missed service. It is reported to We Drive U and documented as non performance fees.

### December

- Staff continued working on the tablet replacement and system improvements for fixed route vehicles finalizing the program and software setup. Installation of the new tablets took place in the last week of December. All tablets now have turn-by-turn directions and can be rerouted due to detours entered by dispatch.
- Staff continued to participate in an LCRT Transit System Meeting. Staff will now also participate in the LCRT Fire/Life Safety and Security Committee and the LCRT Safety and Security Committee. Staff joined the OMF PM Coordination meeting.
- Staff continued to meet with MUSC to ensure that Rt. 203 and Express routes are running as planned.
- Staff continued working with Spare and We Drive U to improve efficiency and rider experience for Tel-A-Ride clients.
- Staff met with RaptDev to show them Spare and what we use for the paratransit operations. Staff also participated in multiple meetings with RaptDev reviewing what they use to plan and monitor operations.
- Staff continued working with development review and infrastructure improvement along the bus routes.
- Staff tracks and investigates all missed service. It is reported to We Drive U and documented as performance fees.

## 2. Comprehensive Operational Analysis

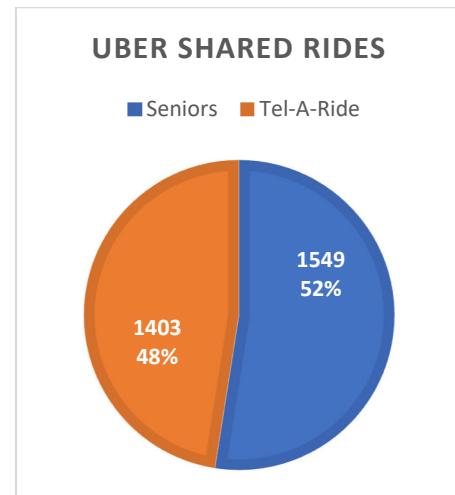

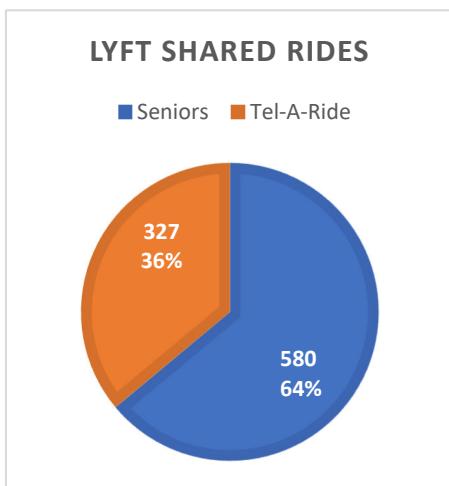

November: Staff and Nelson\ Nygaard continued with bi-weekly meetings. Staff established a website for the project through Public Input. Staff confirmed meeting locations for the open houses and posted flyers for the events scheduled for the first week of December. The first Technical Advisory Committee meeting with stakeholders was held November 14<sup>th</sup>.

December: Staff and Nelson\ Nygaard continued with bi-weekly meetings. Staff held 5 open houses in different locations across the service area with one meeting being online. Staff began reviewing feedback received from the survey through Public Input. Staff participated in the City of Charleston's Sam Rittenberg Re-design Meeting at the Citadel Mall to promote the COA.

## 3. CARTA OnDemand (TNC Pilot)

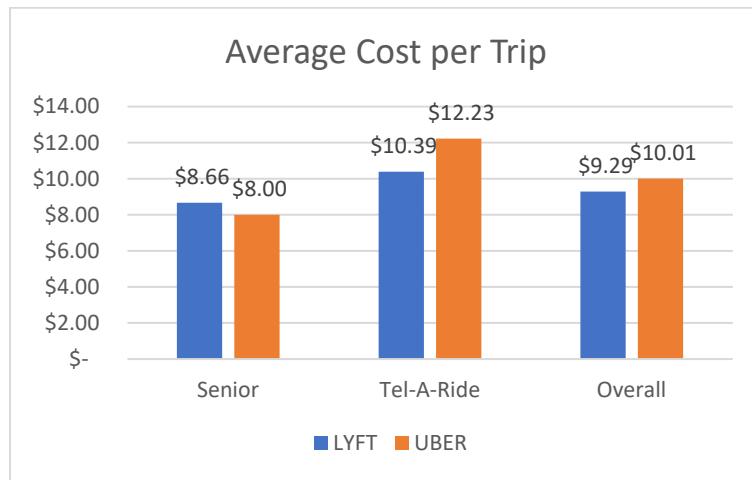

Staff contracts with service providers Uber and Lyft to provide subsidized transportation. CARTA OnDemand launched on February 1, 2021. On March 1, 2025, program changes were implemented and updated for senior vouchers. Changes included reduction in CARTA max subsidy, monthly vouchers to weekly vouchers, and an increase in min customer pay. The service offers door-to-door subsidized services for seniors (60+) and Tel-A-Ride customers and covers the Tel-a-Ride service area Monday through Friday, between the hours of 7 AM and 5 PM. Senior customers pay an initial \$5 with a maximum trip subsidy of \$14 and any surplus being charged to the rider. Tel-A-Ride customers pay an initial \$4 with a maximum trip subsidy of \$30 and any surplus amount being charged to the rider.

In November 2025, there were 2,130 senior riders and 242 Tel-A-Ride customers approved to use OnDemand service, a total of 2,372. Also in November, CARTA OnDemand had a total of 3,860 trips with 45% of the trips being taken by paratransit customers and 55% being taken by senior customers.

In November, the 3,860 trips (Tel-A-Ride and senior) averaged \$10.06 per trip. Tel-A-Ride trips averaged \$12.06 and senior trips averaged \$8.45. To date (February 2021 – present), CARTA has spent a total of \$990,824.96 on the OnDemand program.

## Ongoing Tasks:

### Program Parameters:

- Parameters to CARTA OnDemand were updated and approved 11/2024. Changes to be implemented March 1st, 2025. Changes include an increase in the customer fair, reduction in CARTA subsidy amount, an age increase, and reduction in vouchers allocated. These changes resulted in the removal of any current customers under 60 years of age
- As a result, OnDemand has seen an average of \$5,500 decrease in monthly costs since March 2025

### Coordination with TNC provider

- Staff coordinates with Uber and Lyft to ensure consistent service delivery and address service delivery and billing issues

### Marketing

- Marketing collateral has been distributed by request and through various public outreach efforts
- Outreach efforts specific to CARTA OnDemand have been held at local senior centers, medical facilities, and community living centers.

### Application approval and customer service

- Staff application process continues to be an efficient approval process
- Staff approves applications from seniors and paratransit customers within 15 days of receiving
- Staff provides customer service by responding to inquiries about the service and assisting new riders with information on how to use Uber and Lyft

### Performance Monitoring (ongoing)

- Staff tracks ridership and expenditures on a monthly basis
- Ridership has risen consistently

## 6. Lowcountry Rapid Transit

A&E Design: 100%/IFB deliverable approval scheduled for February 7, 2026.

Key Stakeholder Coordination: Stakeholder meetings are ongoing. Maintenance of Traffic Meetings held in November & December. Additional TRC/DRB meetings for Mount Pleasant Street Station to be scheduled 1<sup>st</sup> Qtr 2026.

FTA Coordination: Monthly and quarterly meetings are held with FTA and the Project Management Oversight Consultant (PMOC. PMOC participates in monthly risk review meetings. Annual report and ratings results anticipated in March 2026. Continue to update and submit readiness documents for Full Funding Grant Agreement (FFGA) review.

NEPA: Documented Categorical Exclusion (DCE) was approved by FTA in July 2021. A reevaluation document for 60% design was submitted to FTA in August 2024 and was approved by FTA in October 2024. A reevaluation for project shift to diesel fleet as submitted and approved by FTA on July 8, 2025. 90% design did not generate impact Class of Action. No NEPA changes were identified with 100% design. Wetlands permitting is underway to be submitted in January 2026.

Maintenance Facility: 60% Redesign/cost containment to be complete in February 2026.

Coordination with Dominion and SCDOT are underway related sewer and utility easements. Wetland permitting to be submitted with the full Corridor project in January 2026.

Transit Signal Prioritization: Transit signal prioritization at intersections is included as part of the LCRT project. A demonstration project of TSP on Dorchester Road was initiated to develop the technology and infrastructure on a smaller scale corridor to advance that technology on CARTA transit buses traveling on Dorchester Road. Progress on that effort is provided in #9 below.

Public Involvement: Stakeholder and neighborhood meetings are ongoing. Team continues to engage with community via neighborhood association meetings, farmers markets, festivals and events. Outreach in January/February to businesses and neighborhoods along King Street Extension segment. Next public meeting anticipated in April/May 2026.

ROW Acquisition: ROW acquisition for the corridor, led by SCDOT, is underway.

Utility Coordination: Monthly utility coordination meetings with all impacted utilities are underway. Pre Utility Agreements (required for FTA funding) have been sent to utility providers for review and are being routed for legal reviews/signatures. Smaller, focused utility coordination meetings with major utility providers, Dominion, CWS, and North Charleston Sewer District are occurring on biweekly and triweekly basis to minimize conflicts caused by drainage needed for the project. Discussions for Remain in place requests are being held with NCSD, CWS and Dominion. A risk workshop with CWS is scheduled for January 30 to review risks to remain in place request.

# MEMORANDUM

---

Construction Related Activities: Meetings related to coordination on MOT, IGAs, CEI, bidder outreach, and construction phase project procedures are underway. CEI procurement documents and contract templates are in review to advance CEI procurement next year.

Systems Integration: Tasks associated with transit systems and integration (vehicles, fare vending, technology, etc.) are underway. Bi-weekly meetings with the systems integration team are underway. Route redesign and CARTA infrastructure modifications to be developed in the coming year as part of CARTA COA effort.

## **7. Dorchester TSP**

- Procurement documents and technical documents are in final draft based on comments from SCDOT.
- IGA comments received by SCDOT
- Phase 3 to be procured Winter 2025/2026 pending IGA.

## **8. Mt. Pleasant Street Park and Ride**

We continue to work with the City of Charleston to meet new standards. We plan to submit the Stormwater Permit and plan in February 2026.

## **9. Fairgrounds Park and Ride**

The ECFC & CARTA trial is scheduled for March 16, 2026.

## **10. O&M Facility (Acres Drive, Ladson)**

We are waiting on sewer easement review appraisal completion for FTA approval. Once received we will proceed with purchase of the easement.

## **11. Mobile Ticketing Sales & Use**

During the month of December 2025, mobile ticket sales totaled \$29,704.07. This is a 0.7% decrease in sales revenue over December 2024 and a 0.6% decrease from November 2025. Mobile ticket sales comprised 25.1% of total farebox revenue for the month and totals 24.1% of the revenue fiscal year to date. Mobile ticketing revenue comprised 20.4% of total farebox revenue last year fiscal year to date. Mobile ticket sales are 3.1% lower than mobile ticket sales last year fiscal year to date. There were 1,784 unique users over the month, conducting 16,924 transactions. The pass type with the highest frequency of use is the local, fixed-route, one-trip ticket. The route with the highest usage is Route 10, followed by Route 12. The expanded payment options available on CARTA Tel-A-Ride service will be announced to customers in January 2026.

---

**To:** CARTA Board of Directors  
**From:** Ronald E. Mitchum, Executive Director  
**Subject:** Hospitality on Peninsula Shuttle (HOP) Parking Lot Expansion  
**Date:** January 14, 2026

---

Staff has been working with the City of Charleston, the SC Ports Authority, and Beemok Capital, LLC, and has the opportunity to expand the parking capacity available along the Rt. 211 HOP route.

Improvements to the Union Pier lot will allow for the addition of two hundred and nine (209) parking spaces to serve the Hospitality industry. The parking spaces will be secured with parameter fencing, and an electronically controlled gate. Vehicular and transit bus access will be provided along Pritchard Street. Updated parking lot striping, and covered transit shelter will be installed. A short extension of the existing Route 211 will be required with no loss in the current service offered on this route.

Staff recommends approval to proceed in upfitting the parking lot and the expenditure of no more than \$83,000 to complete the project.

## MEMORANDUM

---

**To:** CARTA Board of Directors  
**From:** Ronald E. Mitchum, Executive Director  
**Subject:** Fleet Maintenance Contract Services  
**Date:** January 14, 2026

---

The transit services operating contract with RATP Dev USA will commence on February 1, 2026. Since being selected by CARTA, RATP Dev USA has been working to understand the current state of the operations and maintenance functions to include fleet and facility conditions. Based on these activities, it was recommended that a third-party maintenance contractor be procured to allow an expedited response to address these repairs and perform a full facilities condition and maintenance program assessment. Consideration and authorization to proceed is requested at an expenditure estimate at \$485,800.

The proposal will create a strategic path forward that enables CARTA to achieve long-term, sustainable success in providing the transportation services the Charleston community deserves. All staff, materials, oversight, and overhead costs are included. The program assessment will establish RATP Dev USA to develop a comprehensive path forward for bringing the facilities into a state of good repair.

Staff recommends approval to proceed in procuring a third-party maintenance contractor and an expenditure of no more than \$485,800 to complete the project. Please feel free to contact me with any questions or for further information.

## MEMORANDUM

---

**To:** CARTA Board of Directors  
**From:** Ronald E. Mitchum, Executive Director  
**Subject:** Lease of Transit Vehicles  
**Date:** January 14, 2026

---

The transit services operating contract with RATP Dev USA will commence on February 1, 2026. Since being selected by CARTA, RATP Dev USA has been working to understand the current state of the operations and maintenance functions to include fleet and facility conditions. Based on these activities, it was recommended that revenue vehicles be leased to ensure service continuity while the third-party maintenance contractor completes their work. Consideration and authorization to proceed is requested at an expenditure not to exceed \$1,200,000.

The leased vehicles consist of four (4) 2005, 40-foot, two door, New Flyer transit vehicles, six (6), thirty-six passenger Starcraft Allstar cutaway-style transit vehicles, and one (1), forty-two passenger, Starcraft Allstar cutaway-style transit vehicle. The terms of the lease is twenty-four (24) months for the New Flyer transit vehicles and twelve (12) months for the Starcraft transit vehicles. The final quantity of vehicles leased will be determined based on the status of the fleet repairs completed by February 1, 2026.

Staff recommends approval to proceed in leasing transit vehicles and an expenditure of funds not to exceed \$1,200,000. Please feel free to contact me with any questions or for further information.
